

RE: California Proposition 65 Compliance

Dear Valued Dee Zee Customer,

The State of California's Proposition 65 law mandates that consumers receive "clear and reasonable warning" prior to sale that chemicals may exist within the product that are "known to the State of California to cause cancer or reproductive harm." As such, Dee Zee, Inc. products are now labeled with the appropriate warning language that handling may result in an exposure to one or more chemicals listed in the Proposition 65 directive.

If you sell Dee Zee, Inc. products to consumers in the State of California, you must:

- (1) Not cover, obscure, or alter a Prop 65 warning label that has been affixed or printed onto Dee Zee, Inc. products, labels, or packaging.
- (2) Internet sales must clearly and prominently display the following Prop 65 warning, or a clearly marked hyperlink to the warning on the product display page.

⚠ WARNING: Cancer and Reproductive Harm

- (3) For catalog sales, clearly and prominently display the above Prop 65 warning in your catalog in a manner that clearly associates it with the Dee Zee, Inc. product being purchased.
- (4) Resellers buying through distribution for a physical retail store and/or drop-shipments directly from a warehouse distributor into the State of California are also responsible to ensure the end customer has had the opportunity to make an educated buying decision regarding the potential risk of exposure.

All products listed within the enclosed document or otherwise manufactured by Dee Zee, Inc. should have the applicable warning language displayed on the packaging. Dee Zee initiated Prop 65 product labeling on **12/22/2017**. As a seller of these products to consumers in the State of California, you are responsible for the placement and maintenance of the warning materials. Should you need to add labels to current inventory, please contact your sales manager.
