

DEEZEE®

The Quality Truck Accessory People

GUARDIAN **TONNEAU COVER**

Check out the new sleek aluminum hard-top tonneau system for full-size trucks. With an 800 lb. static rating, you can transport gear on top or open the lockable rear panel effortlessly with gas shocks. Features include a Brite-Tread aluminum surface, an extrusion channel for moveable accessories, textured black powder coat, and die-cast corners. It's easy to access and lock for security, with quick-release shocks to fold the rear panel 180 degrees. Made in the USA.

Here's the lowdown on the features:

It has a sturdy Brite-Tread aluminum surface with an **800 lb. static rating**.

The **extrusion channel** lets you move tie downs and accessories around as you like.

With a **textured black powder coat** and die-cast corners, it looks sleek and tough.

It even comes with a **tailgate seal** to keep the dust out.

Easy to access handle that's **lockable** for extra security.

Opening it is a breeze, thanks to dampened **gas shocks**.

Detach the quick-release shocks to fold the rear panel **180 degrees** and strap it down.

Proudly made in the good ol' **USA**.
