

GATE GUARDIAN

Truck Tailgate Lock

INSTALL ON THE PASSENGER SIDE

Adhere the foam gasket to desired thickness*

Insert the short end to wrap behind the tailgate hinge

Overlap the two ends and insert the security screw

**3/32" and 1/8" thick foam strips are included.*

**The liners are only intended to reduce vibration and do not directly impact the function of the product.*

WARNING

Adding any substance to fill the screw head will inhibit future removal.
